

Coupon Wording Cheat Sheet:

1. Each item is considered a "purchase".
2. If it says "4 like coupons per day" it means you can only use 4 of those coupons per shopping trip.
3. The coupon will tell you whether it's a manufacturer or store coupon.
4. If it says "redeemable at", it is just suggesting a store for you but you can use the coupon anywhere.
5. If it says "only at" or "redeemable only at" than the coupon can only be used at that store.
